

The small business **CLOSURE CRISIS**

Baby boomers own half of all privately held firms in Texas

This Silver Tsunami of retiring business owners own over 206,500 firms which represent half of all job-creating businesses in the state. These firms employ around 2.8 million workers and generate nearly \$557 billion in revenue. As most of these owners retire, our local business landscape is going through a dramatic shift.

6 out of 10 business owners plan to sell in the next decade.

By selling to their employees, owners can keep their legacy alive by keeping these businesses and jobs in the community.

They make up 99.8% of all firms and provide 45.1% of all jobs in Texas. In addition, they circulate 3x more money back into local communities than absentee-owned businesses and corporate chains.

Baby boomers employ an estimated 1 in 5 private sector workers nationwide.

The Employee Ownership solution
