The small business Closure Crisis

Baby boomers own half of all privately held firms in Illinois

This Silver Tsunami of retiring business owners own approximately 121,000 firms which represent half of all job-creating businesses in the state. These firms employ around one million workers and generate roughly $282 billion in revenue. As most of these owners retire, our local business landscape is going through a dramatic shift.

6 out of 10 business owners plan to sell in the next decade.

By selling to their employees, owners can secure their legacy and keep these businesses and jobs in the community.
