

The small business **CLOSURE CRISIS**

Baby boomers own half of all privately held firms in Wisconsin

This Silver Tsunami of retiring business owners own approximately 51,000 firms which represent half of all job-creating businesses in the state. These firms employ 658,000 workers and generate roughly \$132 billion in revenue. As most of these owners retire, our local business landscape is going through a dramatic shift.

6 out of 10 business owners plan to sell in the next decade.

By selling to their employees, owners can secure their legacy and keep these businesses and jobs in the community.

They make up 99.4% of all firms and provide 48.8% of all jobs in Wisconsin.

In addition, local businesses circulate 3x more money back into local communities than absentee-owned businesses and corporate chains.

Baby boomers employ an estimated 1 in 5 private sector workers nationwide.
